NOTICE

Subject: Misuse of Name by Registered Dental Surgeons

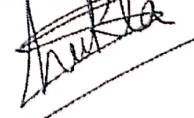

It has come to the notice of the Madhya Pradesh State Dental Council that several registered dental surgeons are allowing their names to be used for dental clinics that are owned and/or operated by unregistered individuals or quacks. This unethical practice is severely damaging the reputation and integrity of the dental profession.

This notice serves as a **final warning** to all dental surgeons registered with the Madhya Pradesh State Dental Council. If any registered dentist has permitted the use of their name for a clinic where they are neither physically present nor actively engaged in providing dental treatment, they are hereby directed to **immediately withdraw their name** from such establishments.

Failure to comply will attract **strict disciplinary action**, including but not limited to suspension or cancellation of registration. Such acts will be deemed a serious violation of the **Dentist Code of Ethics Regulations, 2014**, and will be dealt with firmly by the Council.

All registered dentists are advised to maintain the dignity of the profession and uphold ethical standards at all times.
